MARKET

A massive A largely unmet market.

28M

U.S. adults could benefit from hearing aids

Age 18+, perceived hearing loss

1 in 6

adults who need hearing care get it

~4M of 28M have ever used them

~24M

Still not getting the care they need

The market Hearfy is built for

16%

84%

The lifetime value of hearing care

MODELED ESTIMATE

~\$20K–\$22K

Lifetime hearing-care spend over 20 years

~\$14.8K

Devices

~\$5K

Tests & professional care

~\$1.2K

Accessories, repairs & other

~\$1,050

Modeled average annual spend

~\$3,700

Average cost of a pair of prescription hearing aids (non-OTC)

~5 years

Typical replacement cycle

~\$295

Average diagnostic hearing test

Why now? Starting Jan 2026: Medicare just made remote supervision permanent.

Hearing loss starts at home. So should care.

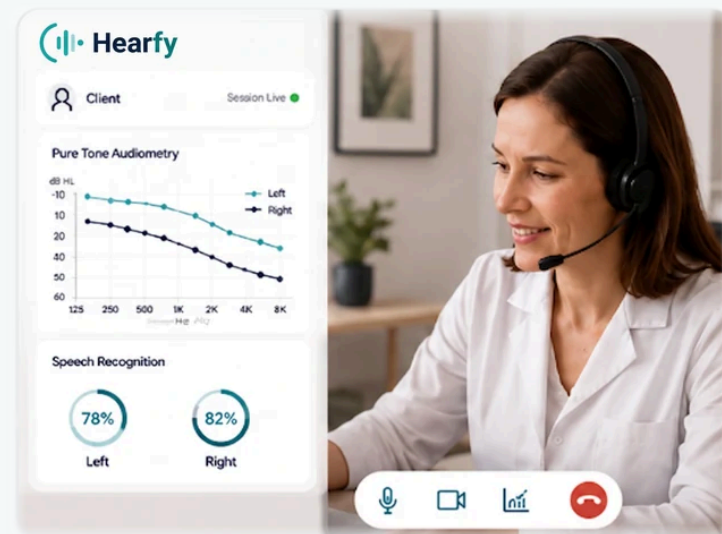

THE SOLUTION

A CMA at home. An audiologist online.

Managed at-home hearing care with tele-audiology supervision.

Hearfy

Lower cost

No audiologist travel

1:many

Remote supervision scales

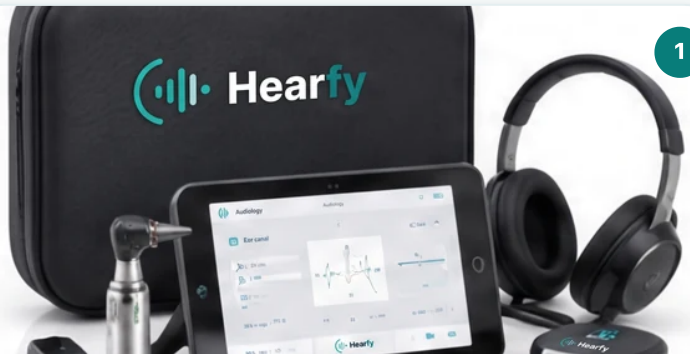

Better access

Private, at home

The three-sided architecture.

Infrastructure is the moat.

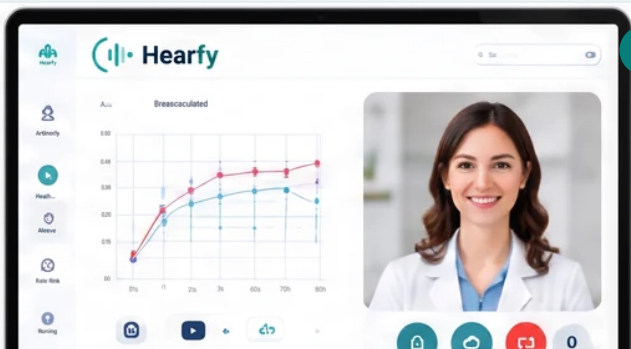

Device-agnostic procurement

In-home testing kit, sourced across manufacturers.

Distributed care network

Trained CMAs, local coverage, one operational playbook.

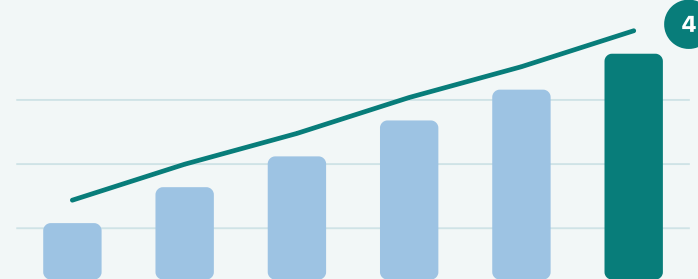

Regulated clinical automation

Automated testing and AI-assisted workflows under supervision.

CARE
INFRASTRUCTURE

Longitudinal care data

Devices, support and ongoing care, recorded over years.

Launch the service now. Automate the economics in parallel.

NOW: Launch & Prove

Build the real business first

Membership model

Home-care operations

Device procurement

Referral engine

IN PARALLEL: Automate & Clear

Make the model scalable

Automated hearing test

Remote supervision

1:many workflow

FDA 510(k) pathway

Same service. **Better economics.** Much larger scale.

Where our first **traffic** comes from

Three practical sources of early demand

ENT clinics

Small clinics without hearing testing

Two-way referrals

Home-care partners

Access to senior patients

Convenient at-home service

Local senior media

Targeted awareness

TV, billboards and senior communities

Where Hearfy wins full care ownership.

No existing player combines the full care model in one infrastructure.
